

ZixCorp Export Matrix

This page provides export control information on ZixCorp software products. ZixCorp products contain encryption technology that is subject to the [U.S. Export Administration Regulations](#) (“EAR”) and other U.S laws. You are responsible for exporting or re-exporting ZixCorp’s products in accordance with the requirements of the EAR. You are advised to seek legal advice, and to consult the EAR and the [U.S. Bureau of Industry and Security \(“BIS”\) Encryption Export Controls Division](#), before exporting, re-exporting or distributing ZixCorp products.

Any use by you of the information on this page is at your own risk and is without recourse to ZixCorp. This chart is a summary, and does not comprehensively state the rules that apply to encryption products under the U.S. Export Administration Regulations. Additional legal advice may be required with respect to particular exports. The chart is current as of the date below, and may not reflect subsequent developments. ZixCorp is in no way responsible for any damages, whether direct, consequential, incidental or otherwise, suffered by you as a result of using or relying upon such information, for any purpose whatsoever.

Product	ECCN	License/ License Exception	ENC Unrestricted?	CCATS
ZixMail	5D002	ENC	Yes	G016262
Zix Message Center (ZixPort)	5D002	ENC	Yes	G019796
ZixVPM (including OpenPGP Gateway, S/MIME Gateway, ZixDirect, & ZixDirect client)	5D002	ENC	Yes	G047556
ZixWorks	5D002	ENC	Yes	G029666

Definitions

CCATS – Commodity Classification Automated Tracking System, a reference number assigned by the BIS to products that it has classified or reviewed under the EAR.

ECCN – Export Control Classification Number, designating a category of commodities, software or technology listed in the Commerce Control List of the EAR.

ENC – License Exception ENC.

ENC Unrestricted – A classification under License Exception ENC that may be granted by BIS. Formerly, “retail” classification.
